RUPAHI KOHINOOR CLUB is visualizing and creating a society which will be free hunger, exploitation and subjugation of any type. It will be based upon justice, peace and equality irrespective of caste, gender, religions and political, where people will live in peaceful co-existence with nature; where people will laugh, love, respect and co-operate each other for their self reliance and prosperity in the society as well as in humanity as a whole. It has grown to become a convergence point for economically disadvantaged groups who lack access to credit and other community sources.

The organization aims to empowerment of the economically weaker & socially marginalized section of the society through capacity building of the people.
