#### INTRODUCTION OF THE ORGANIZATION:

The **RUPAHI KOHINOOR CLUB** is a Non-Governmental, Non-Political and Secular Voluntary Organization. **RUPAHI KOHINOOR CLUB** is visualizing and creating a society which will be free hunger, exploitation and subjugation of any type. It will be based upon justice, peace and equality irrespective of caste, gender, religions and political, where people will live in peaceful co-existence with nature; where people will laugh, love, respect and cooperate each other for their self reliance and prosperity in the society as well as in humanity as a whole. It has grown to become a convergence point for economically disadvantaged groups who lack access to credit and other community sources.

RUPAHI KOHINOOR CLUB

Organization began with very limited resources as well as manpower. The organization aims to empowerment of the economically weaker & socially marginalized section of the society through capacity building of the people. Beside this, it is working with various NGOs Governmental organizations; the group felt that rural development in **DistrictNagaon, Assam** need a different approach i.e. professional and scientific approach rather than conventional approach to take up the challenges of state for its overall development. In fact, the voluntary and non professional way of working has created innumerable problems in long run, which hamper the real growth after lots of financial & physical investment since independence. Therefore, the group has initiated this institution with a belief of “Participatory Development Process” which will be sustainable in a long way.

As far as the legal status of RKC is concerned, it is a legally constituted voluntary organization having registration under Societies Registration Act XXI of 1860.
